Executive Profile

Scott Kelly

Scott R. Kelly brings unparalleled expertise in senior and executive healthcare management, accumulated over a distinguished 38-year career in both commercial and government payer operations. His journey has been marked by a relentless pursuit of excellence and a passion for pioneering innovative solutions in the healthcare industry.

Over the past decade, Mr. Kelly has significantly broadened his scope of experience, particularly through the establishment and successful growth of a provider-owned health plan from inception. Today, this plan proudly serves Medicare Advantage and commercial HMO members, a testament to Mr. Kelly's visionary leadership and strategic acumen.

Throughout his career, Mr. Kelly has navigated diverse environments, ranging from privately owned health plans to publicly traded national entities, and regional provider-sponsored health plans. His expertise extends beyond traditional operations to encompass sophisticated population health programs, reflecting his adaptability and foresight in an ever-evolving landscape.

Mr. Kelly's leadership style is characterized by a participative approach, fostering collaboration and innovation within his teams. His proven track record in leading diverse teams through challenging circumstances underscores his ability to navigate new strategic directions, structural changes, and start-up opportunities with finesse and determination.

Key attributes that distinguish Mr. Kelly include his industry expertise, active listening skills, clear communication abilities, ethical standards, empathy, and support for clients, results oriented approach, transparency, and client-centric focus.

In a rapidly evolving healthcare landscape, Scott R. Kelly stands as a beacon of leadership, offering unparalleled expertise and unwavering commitment to his clients' success. With Athena Group Consulting, he continues to shape the future of healthcare, one strategic partnership at a time.
